

Scrum Values

Respect

We treat people with respect so that we will cultivate an engaged, productive, and humane environment for all.

Focus

Because we focus on only a few things at a time, we deliver the most valuable items sooner.

Commitment

Because we are empowered to make realistic commitments, we are fully invested in the outcomes.

Openness

We are open about our work, its progress, what's in our way, and the ideas of others, so that all involved can make the best decisions possible.

Courage

We support each other in doing the right thing and in taking informed risks so that we may learn and improve along our path to greatness.
